

ENGINEERING ATTACHMENT TO THE
PANAMA BUREAU MONTHLY REPORT FOR JUNE 1981

Technical

Contractor Issac Cattan Gonzalez completed the second mowing of the antenna field.

Accountable Property

Transferred:

1. One Counter, Hewlett-Packard, Model 5245L, Serial No.335-01279
2. One Counter, Hewlett-Packard, Model 5246L, Serial No.1124802889
3. One Detector, Hewlett-Packard, Model 676A, Serial No.838-00188
4. One Generator, Signal, Hewlett-Packard, Model 675A, Serial No. 738-00153
5. One X-Y Display, Hewlett-Packard, Model 1300A, Serial No.751-00181
6. One Oscilloscope, Tektronic, Model 502, Serial No.002939
7. One Receiver, CEI, Model 904-1, Serial No.101
8. One Receiver, Radio Mac/Itt, Model 3021, Serial Nos.0116 and 0112
9. One Tuner, Scott, Model 312D, Serial No.00473685
10. One Monitoring Unit, FBIS-PME
11. One Strobotac, Model 631BL, Serial No.22416
12. Two Marconi Test Unit, Type W-94749-1-A
13. Two Marconi Test Unit, Type W-94726-1-A

All of the above was transferred to the local Army Disposal Office, Panama.

OPERATIONS ATTACHMENT

PANAMA BUREAU MONTHLY REPORT JUNE 1981

1. During June the Salvadoran Government did not lift its ban on airing local reports, so the commercial stations continued to carry only international reports. The Salvadoran newspapers, however, apparently are not subject to the same limitations and have been carrying reports on the violence, counter-insurgency operations, etc. By month's end, the Catholic weekly newspaper ORIENTACION had resumed publication, and the evening newspaper DIARIO LATINO was scheduled to be on the newsstands on 1 July. The installations of the two newspapers were damaged during the violence several months ago.
2. (Clandestine) Radio Venceremos in Spanish to El Salvador has apparently settled on a firm frequency and has been broadcasting daily on 6905 Khz. Due to steadily deteriorating reception in the mornings, however, bureau is now covering the 0000-0100 GMT evening newscast with the morning cast recorded daily for backstop purposes.
3. The labor-management problems of the Panama City RPC broadcasting company were solved on 4 June, so RPC radio and television transmissions were back on the air that afternoon following 17 days of inactivity.
4. The transmissions of (Clandestine) Radio 15 September in Spanish to Nicaragua were frequently jammed during the month, forcing the station to shift its transmission from 5555 Khz up and down the band between 5550 and 5585 Khz. On the evening of 20 June the station warned its listeners that due to the nature of its broadcasts it was always on the move, and would sometimes be off the air for reasons beyond its control.
5. Extensive cruising of South American countries was carried out during the month for an annual review of the bureau's capability to provide short-term emergency coverage of Paraguay Bureau's coverage. As usual, reliable support could only be provided from some press agency sources.
6. Other cruising activities during the month included:
 - a. Compiled new frequency listing for Havana International Service broadcasts in several languages to Latin America, the Caribbean, Western Europe and the Middle East.
 - b. Checked broadcasts of (Honduras) El Progreso Radio Progreso in response to a Headquarters request.
 - c. Guatemala City Domestic Service was observed carrying a cast for international listeners from 1800-2300 GMT, including three newscasts

- 2 -

at 1815-1845, 2030-2100 and 2210-2230 GMT.

d. Observed Johannesburg International Service broadcasting in Portuguese to Brazil and in Spanish to Latin America since 1 June.

e. San Salvador Domestic Service was observed broadcasting again on shortwave on 5980 Khz. Station continues unheard on frequency 9552 Khz.

f. Updated programming for Panama City Radio La Exitosa was compiled and filed.

g. In response to a Headquarters request checked and reported on London REUTER transmissions in English and French to East and West Africa. The transmission beamed to East Africa was unheard.

h. Observed Havana PRELA in Spanish opening its transmissions 15 minutes earlier Mondays through Saturdays, at 1145 GMT. Havana PRELA was also observed carrying an Indian Diplomatic Information Service bulletin Mondays through Saturdays.

PANAMA BUREAU
MONTHLY PRODUCTION REPORT
JUNE, 1981

1. Coverage (Priority 1 and 2)

- a. Average daily hours of voice 25.1
b. Average daily hours of press service 116.6
c. Average daily hours of press 7.9
(1/2 hour per paper)

2. Production (English)

- a. Average daily voice wordage NONE
b. Average daily press wordage 125
c. Average daily press 92

3. Production (All other)

- a. Average daily voice wordage 8,130
